

Front End Web Development, Email Design/Development, Custom WP Themes, Responsive Development, iPhone Application Development, MVC, Object Oriented Development, Testing/Debugging, Client Relations

SUMMARY

To obtain a creative and challenging position that enables me to expand upon the web development and programming skills I've gained over the past six years. Most recently my path has led me to email design and development. With these newly discovered skills I have been able to build upon my generalist skill set. I want to continue incorporating this knowledge to learn and understand new technologies for producing a better user experience for the client.

TECHNICAL SKILLS

HTML5, CSS3, JavaScript, jQuery, JSON, Photoshop, Dreamweaver, PHP, Objective-C, JAVA, Bootstrap, WordPress, Magento, Xcode, Eclipse, Komodo, Aptana, Code Igniter, GIT, Subversion, Postman, Microsoft Office, Mac/Window/Linux
